

# Assembly of GS44 Small Plate Basket

Please refer to GravityStack44 instructions for initial Setup & Installation.

- 1** Unbolt Head and remove from Head Support Bar.
- 2** Position Basket onto Head Support Bar aligning mounting holes & remount Head, capturing Small Plate-Basket. Position as shown. It is **IMPORTANT** the flexible Gray Plastic Sheet falls within Basket.
- 3** Place Pinch Tube in bottom of Basket.
- 4** Attach Magnetic FlipStrips onto Head as shown, leaving enough space between to allow small plates to miss FlipStrips.

**A** Small plates enter between Flipstrips, falling Into Basket. **B** Large plates override Basket, Into stacker.
